Mrs. Edw. L. Clark
Warden

Dear Sir,

Mrs. George Cadwalader desires to make an arrangement with the Corporation of Christ Church of the following nature, namely, to place a small plate on the door of the pew now occupied by her, with the name of "Cadwalader" engraved thereon, together with the year when the family first rented said pew: also to pay to the Corporation a sum of money, which shall relieve her from the payment of any pew rent during her life time, and which shall render the said pew a free pew forever: the plate above referred to, always to remain on the pew. Will you be so good as to lay this proposition before the Vestry, and to inform Mrs. Cadwalader whether it is accepted, and what sum the vestry

will deem to be an equivalent
for the desired privileges.

Yours respectfully
Pierce Butler

Dear Sir,

Mr. Wharton yesterday stated to me that you desired full exemplifications of all the proceedings in relation to the widening of Church Alley & that they must be ready by this morning. I have accordingly procured them & enclose them herewith. The haste necessary to have them today renders them less handsome than they would have been had there been full time to make them out. The Court charges paid are \$35 - & \$10 - say \$45 - which please send me

I O'Flage

Yours respectfully
